Alterations to the Windrush Motel include the remodel of the onsite residence, (2) motel units, and existing art gallery into (5) motel units with private patios. No additional square-footage is proposed for the White Water Inn; 360 square-feet of room addition and 1,577 square-feet of pervious patio/deck area are proposed for the Windrush Motel.
 - b. Maximum height is 15 feet from average natural grade.

Conditions required to be completed at the time of application for construction permits

Site Development

2. **At the time of application for construction permits**, submit a revised site plan to the Department of Planning and Building for review and approval. The revised plan shall indicate the following and development shall be consistent with this revised and approved plan:
 - a. The private deck for Unit #3 shall be located outside the required 10 foot front setback.
3. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

Fire Safety

4. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Plan Review, prepared by the Cal Fire for this proposed project and dated January 15, 2016.

Services

5. **At the time of application for construction permits**, the applicant shall provide a letter from Cambria Community Services District stating they are willing and able to service the property.

Conditions to be completed prior to issuance of a construction permit

Fees

6. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

Conditions to be completed during project construction

Building Height

7. The maximum height of the project is 15 feet from average natural grade.
 - a. **Prior to any site disturbance**, a licensed surveyor or civil engineer shall stake the lot corners, building corners, and establish average natural grade and set a reference point (benchmark).
 - b. **Prior to approval of the foundation inspection**, the benchmark shall be inspected by a licensed surveyor prior to pouring footings or retaining walls, as an added precaution.
 - c. **Prior to approval of the roof nailing inspection**, the applicant shall provide the building inspector with documentation that gives the height reference, the allowable height and the actual height of the structure. This certification shall be prepared by a licensed surveyor or civil engineer.

Archaeology

8. A qualified archaeologist shall be present to monitor vegetation removal and subsurface excavation for the project development. In the event archaeological resources are unearthed or discovered **during any construction activities**, construction activities shall cease and the Environmental Coordinator and Planning Department shall be notified so that the extent and location of discovered materials may be recorded by a qualified archaeologist, and disposition of artifacts may be accomplished in accordance with state and federal law. Construction activities shall not commence until a mitigation plan, prepared by a qualified professional archaeologist in consultation with appropriate Native American representatives and reviewed and approved by the Planning Director, is completed and implemented. The mitigation plan shall include measures to avoid the resources to the maximum degree feasible and shall provide mitigation for unavoidable impacts. A report verifying that the approved mitigation plan has been completed shall be submitted to the Planning Director prior to occupancy or final inspection, whichever occurs first. In the event archaeological resources are found to include human remains, or in any other case where human remains are discovered during construction, the County Coroner is to be notified in addition to the Planning Department and Environmental Coordinator so that proper disposition may be accomplished.

Conditions to be completed prior to occupancy or final building inspection /establishment of the use

9. **Prior to occupancy or final inspection**, which ever occurs first, the applicant shall obtain final inspection and approval from Cambria Fire of all required fire/life safety measures.

10. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

On-going conditions of approval (valid for the life of the project)

11. This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 23.02.042 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
12. All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 23.10.160 of the Land Use Ordinance.
